

Wireless Medical Keyboards and Mice

Easy and quick to disinfect, Maximum typing comfort

Purekeys manufactures easy to disinfect keyboards and mice for use in all medical environments.

All Purekeys medical keyboards combine a completely flat top with the tactile feedback of a normal keyboard. The flat top surface is made of a high grade silicone rubber and can be cleaned with any hospital grade disinfectant. With cleaning time less than 5 seconds, best practice to clean between patients can be easily achieved.

Advantages:

- Flat surface that is easy to clean and disinfect between patients
- The Purekeys keyboard has a dedicated Clean Key that allows to disable input when cleaning
- Can be cleaned with all hospital grade disinfectants
- Tactile feedback of a normal keyboard
- Plug and Play compatible with all Windows-based PC's
- White color has a fresh and clean look

100% flat surface: easy to clean without the need for immersion, no raised surfaces where bacteria can hide

Real scissor type keys with excellent tactile key response

Works with any Microsoft Windows-based PC

Silicone based cover, non allergenic, can be cleaned with hospital grade antibacterial fluids

Dedicated Clean Key to quickly disable input during cleaning procedures
